# FESTIVAL OF CUPS, TROPHIES & AWARDS

---

At last TV Media Sport, an organisation that has always been at the very heart of international sport, has entered into the world of Cups, Trophies, Awards and Medals.

At TV Media Sport, an organisation at the very heart of international sport, we have always offered a wide range of professional expertise that revolves around sport in all its glory, enshrining its values and acknowledging its success.

What was missing from this range of professional services were the **Cups, Trophies, Awards** and **Medals**, all the honours that serve to glorify our *sporting heroes*, to pay homage to the prowess of all involved, be they at a national, international or global level.

With a brand new team of experts in the field, well-versed in the creation and production of unique items for all types of awards, we can offer you a wide range of creations that meet both classic and modern sporting standards and which can be adapted to meet your expectations, specific needs and desires.

To help inspire you, why not take a look at our presentation brochure, and then bring us part of your project. We can quickly put your ideas into practice and guide you through the whole process.

***The festival of prestigious sports awards is open and its arms are wide open and ready to welcome you.***
